TWO WAYS TO REGISTER YOUR BICYCLE OR E-BIKE

1. Register your bicycle online on the Windsor Police website at www.police.windsor.on.ca
2. Fill-out the attached form and/or attend Windsor Police Headquarters at 150 Goyeau Street, Windsor, ON.

POINTS TO REMEMBER

- You **MUST** have a valid e-mail address when registering online.
- You **MUST** provide the bicycle serial number, make, colour.
- You **MUST** disable pop-up blocking software before you proceed when registering online.
- The Windsor Police Bicycle Registry is for residents of Windsor and the surrounding area.
- Every bicycle registered requires its own registration form.
- You will receive an e-mail confirmation once you complete the online registration and/or when it is received by the Windsor Police Service.
- If you change any of your information or sell your bike please call us so we can update your information at 519-258-6111.

Bicycle Registration Program

Protect your bike and register today

BICYCLE THEFT

Windsor Police has created a bicycle registration to help protect bicycles owned by residents of Windsor and surrounding areas. This program will increase the chances of having your bicycle returned to you if it is stolen or lost.

The Windsor Police Property Room

The Windsor Police Service recovers hundreds of stolen and abandoned bicycles every year. We are often unable to find the owners because the thefts have not been reported and the owners don't record serial numbers and other important identifiers. Registering your bicycle into our database will greatly assist in its recovery if stolen. It's important to remember that you still have to make a police report if your bicycle is stolen by calling 519-258-6111.

ASSIST THE POLICE AND INCREASE YOUR CHANCES OF RECOVERING YOUR STOLEN BICYCLE OR E-BIKE

- Register your bike or ebike with the Windsor Police Service and you will be contacted if your bike is recovered.
- Keep your own record with serial numbers, photos, sales receipts and any upgrades.

Prevent Bicycle Theft

- Always lock your bike when it is unattended, even if it is just for a short period of time, in your garage or on your porch.
- Lock both wheels and the frame to a bike rack or an immovable object. If you only lock one wheel, your bicycle can be quickly detached and carried away.
- Take bike components that are not securely fastened with you.

For more information regarding the Bicycle Registration Program visit our website at www.police.windsor.on.ca or call Windsor Police Headquarters at 519-255-6700.

IDENTIFYING YOUR BICYCLE

Most bicycles come marked with a serial number. If yours does not have a serial number, engrave an identifying number on the frame. You can also mark the wheels and components with the same number.

Where is My Serial Number?

The majority of serial numbers are located under the bottom bracket where the two pedal cranks meet. Simply turn your bike upside down and record the number. If there is no serial number there then check places like the headset at the front of the bike or the rear stays. The diagram above indicates the five most common serial number locations. If you can't find a number then you can engrave your driver's licence number or describe the bike the best you can when registering and maybe even take a picture with it to prove ownership.

The best chance at recovering a stolen bicycle is having a registered serial number.

1. Underside of crank
2. Headset
3. Rear Stays
4. Seat downtube next to crank
5. Top of crank
